HOPE IN HAITI

Our Human Resources Manager, Darrin Hess, and his family began the process of adopting a little girl from Haiti in 2012, and were finally able to bring her home in July of 2016. From early on in their marriage, Darrin and his wife, Heidi, had discussed the possibility of adoption, but it wasn't until after they had 3 biological sons that they finally decided it was time. After much prayer and research, they felt God calling them to adopt from Haiti—the Western Hemisphere's poorest country which was devastated by an earthquake in January 2010 that took the lives of nearly 200,000 people, and left tens of thousands of children orphaned or abandoned.

Their 3½ year journey led them on a rollercoaster adventure of emotional highs and lows, numerous trips to Haiti, new friendships, and experiencing the many blessings and trials that come as part of the long and strenuous adoption process. But no matter how difficult the process was, it was all worth it once they had their daughter, Jennifer, in their arms, back in the USA, finally together as a forever family!

HOW *SWEET* THE SOUND

The words to this overwhelmingly popular and long-standing folk hymn were written by John Newton, a notoriously profane and obscene man who experienced a series of spiritual conversions during and after his work as a sailor in the Atlantic slave trade. During a particularly dangerous storm at sea, Newton resorted to tying himself to a part of the ship to keep from being thrown overboard. In the intensity of the moment, he cried "Lord have mercy upon us," a plea that stuck with him after surviving the storm.

Newton's tendency to risk death, turn back to God, and relapse to old ways, made him a man who knew well the struggle of sin and the essentiality of God's grace. While his faith journey was as rocky as the seas he sailed, the theme of his words is one that tends to resonate with much of humanity, making the hymn one of the most recognizable songs in the English-speaking world.

BUMP, SET, SPIKE!

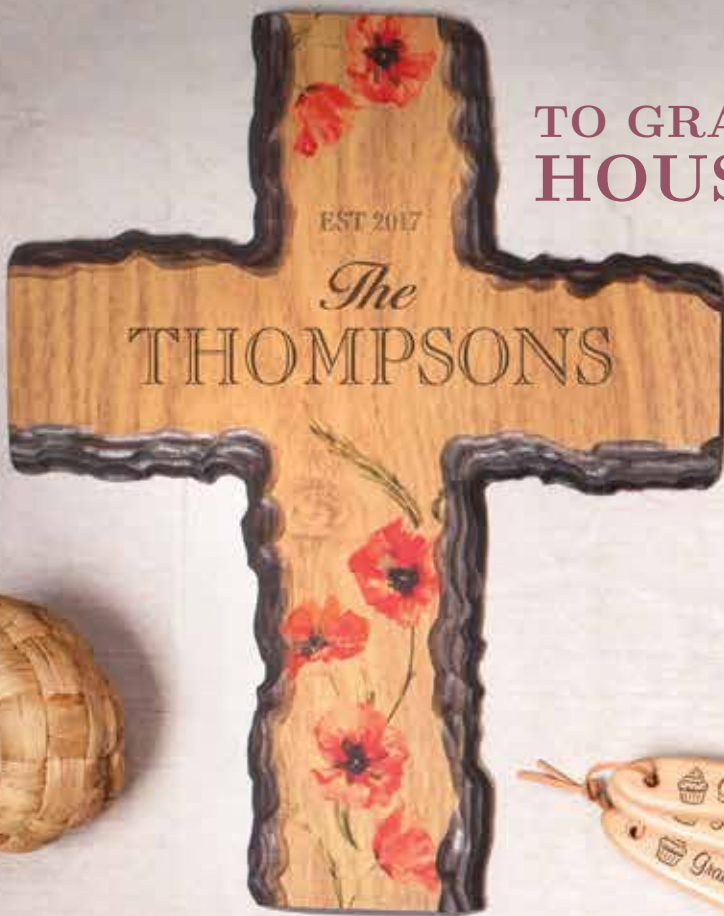

On the backside of our factory is a volleyball court. Each summer many of our departments look forward to playing a friendly game outside. This quickly became an attraction for many of our employees to get physical activity on their lunchbreaks.

What started as a hobby, quickly became a source of friendly competition for a number of our departments. Each department enlists a team, practices and prepares throughout the summer, and competes for the title at our annual summer picnic. It has become a great opportunity for employees to get to know each other outside of their daily routines. We're always looking forward to seeing what hidden talent rises to the top - bump, set, spike!

P. GRAHAM DUNN 40 YEARS OF INSPIRATION

P. Graham Dunn is a family owned and operated business that opened its doors in 1976. The "P" in P. Graham Dunn stands for Peter, the owner and founder. He is the son of missionaries Marvin and Miriam Dunn who were serving with China Inland Missions. Marvin and Miriam continued serving in China until their retirement in 1973.

As a young man, Peter Graham Dunn journeyed from China to Three Hills, Alberta where he spotted the woman who would eventually become his wife, LeAnna Gerber. LeAnna, from the United States, lived in the world's largest Amish and Mennonite community, located in Northeast Ohio. Peter courted LeAnna for nearly 7 years, never seeming to gain her affection. Nearly ready to give up, Peter traveled to Ohio to visit LeAnna and her family during Christmas 1971. Sitting atop the silo on the family farm, LeAnna turned to Peter and asked, "Are you going to ask to marry me, or what?" And marry her he did.

In 1972, newlyweds Peter and LeAnna Dunn accepted a mission to open a home for runaway girls in New York City. In order to keep the girls occupied, they initiated a small woodworking business. The girls carved plaques and gifts that quickly became popular items at the Greenwich Village outdoor markets. When the mission in New York was complete, the couple bought the woodworking equipment and installed it on their farm in Dalton, Ohio. Peter continued to utilize the equipment in the evenings and on weekends. It wasn't long until he received an order for 3,000 items, turning a side-business into a full-time operation.

Over the last forty years, P. Graham Dunn has continued to push the limits of domestic production and has established itself as a leading manufacturer of inspirational art, gift, and home décor within the United States. It was this same drive and determination that started the business, that led to the personalized gifts concept. Starting with just a sole location on-site at the P. Graham Dunn factory store and a handful of gifts to choose from, this program is now active in over 200 locations with over 300 personalized gifts to choose from.
